25X1 4. [ ] Met with Mrs. Pat Shore,  
Assistant to Senator Sam Ervin (D., N.C.), as a follow up to her  
inquiry yesterday concerning a former applicant for employment with  
the Agency, [ ] I advised Mrs. Shore that  
25X1 the testing given [ ] had been for the Agency Career Training  
25X1 Program as he had been advised, and would not in any way classify him  
for civil service employment. Mrs. Shore thanked me for the additional  
information and indicated that their office is trying to assist this man in  
finding employment in Washington.

25X1 5. [ ] Met with Mr. Charles Johnson, Staff  
Director, House Post Office and Civil Service Committee, who advised  
that several problems have now arisen and indications are that the  
House-Senate Conference on the postal rate pay bill may well continue  
through the remainder of the week. In consequence, we will not be able  
to schedule a meeting with Chairman Henderson. Mr. Johnson indicated  
that in conversation with the Chairman, it had been noted that one of the  
benefits of the pending meeting might well be the visit of Mr. Gross to  
the Headquarters. No time can be suggested at present however, for a  
possible meeting.

office of Senator Harrison Williams, regarding a constituent inquiry from  
a [ ] on alleged Agency involvement with [ ] 25X1  
25X1 [ ] I explained to Hammond the necessity for the Agency's main-  
25X1 taining a policy of not commenting on press allegations concerning alleged  
CIA activities and provided him with a suggested reply to [ ] letter. 25X1  
This reply stated the Agency's policy in this regard but pointed out the  
various groups which have oversight of Agency matters including our  
Subcommittees, the National Security Council and the President's Foreign  
Intelligence Advisory Board. Hammond was most understanding and  
thanked us for assisting them by preparing the suggested reply.
